SUMMARY OF QUALIFICATIONS

- 7+ years of leadership experience in academic and extracurricular activities
- Strong teamwork and communication skills attained through professional and volunteer positions
- Proficiency with architecture software systems: Rhino, AutoCad, Vray
- Experienced with Adobe Creative Cloud, including Indesign, Illustrator, and Photoshop
- Model making skills: familiar with RhinoCAM, 3-Axis and 4-Axis CNC Milling, LaserCutting, and 3D Printing
- Coding skills: familiar in basic Grasshopper and Processing
- Language skills: fluent in English, intermediate proficiency Cantonese, beginner proficiency Mandarin

PROFESSIONAL EXPERIENCE

Teaching Assistant | ARC201H: Design Studio II

Jan 2025 – May 2026

John H. Daniels Faculty of Architecture, Landscape, and Design, 1 Spadina Crescent, Toronto, ON

- Cultivate students' visual literacy through a hands-on exploration of the relationships between geometric, material, tectonic, and programmatic organizations within architectural design
- Guided students in the architectural design process, while critically applying various discursive, schematic, and representational strategies and conventions to examine spatial and tectonic relationships, and the qualities that define space itself

Teaching Assistant | ARC1022H: Design Technology 1

Sep 2025 – Dec 2025

John H. Daniels Faculty of Architecture, Landscape, and Design, 1 Spadina Crescent, Toronto, ON

- Supported students in troubleshooting computer-aided design (CAD), computational design tools, computational design methods, simulation, and digital fabrication techniques
- Guided students in reviewing contents from the lectures and assignments using Rhinoceros CAD software and the visual programming language Grasshopper

CNC Lab Technologist Assistant

Sep 2024 - Present

Daniels Digital Fabrication Lab, 1 Spadina Crescent, Toronto, ON

- Trained students on the safe and advanced operation of digital fabrication systems, including ULS laser cutters and Rhino software, ensuring proficiency and compliance with lab safety protocols
- Collaborated with the digital fabrication team to optimize lab capabilities and improve overall workflow
- Oversaw the management, maintenance, and optimization of 3D printing systems (Ultimaker S7, Stratasys F120), laser cutters, CNC, and waterjet systems, performing tasks such as file preparation, troubleshooting and calibration to ensure high-precision prototyping and maximize operational efficiency

Architectural Intern

May 2023 - Sep 2023

PARTISANS, 950 Dupont St, Toronto, ON

- Designed 2D plans alongside its 3D-modelled counterpart using Rhino and Grasshopper
- Participated in client meetings, adeptly capturing comprehensive notes to facilitate effective communication and ensured a detailed record of key discussions and action items
- Collaborated closely with both the project manager and co-founder, demonstrating effective time management skills to consistently meet tight deadlines for client meetings and project deliverables

Architecture Assistant | Co-op Student

Sep 2018 - Jan 2019

AND Architecture Inc, Markham, ON

- Designed 2D & 3D house using professional architectural software programs, Revit and SketchUp
- Managed time efficiently to meet deadlines in completion of the blueprints

- Prioritised tasks and responsibilities to accomplish client's needs
- Presented the ingenuity of a house; communicated and guided an architect through a walkthrough of a house

EDUCATION

Masters of Architecture Student

Sep 2024 - Present

University of Toronto St. George Campus, Toronto, Ontario

- Candidate for Masters of Architecture

Bachelor of Arts in Architectural Studies Student

Sep 2020 - June 2024

University of Toronto St. George Campus, Toronto, Ontario

- Graduated with Bachelor of Arts in Architectural Studies with High Distinction
- Cumulative GPA: 3.67
- Graduated with a Specialist in Architecture Studies: Technology of Architecture, Landscape, and Urbanism Stream
- Graduated with a Minor in Visual Studies

ACTIVITIES AND ACHIEVEMENTS

Daniels Undergraduate Technology Award

June 2024

John H. Daniel's Faculty of Architecture, Landscape and Design

Certificate in Global Studies of the Built Environment (U of T Global Scholar)

June 2024

John H. Daniel's Faculty of Architecture, Landscape and Design

Certificate in Sustainability of the Built Environment

June 2024

John H. Daniel's Faculty of Architecture, Landscape and Design

John And Myrna Daniels Scholars

Oct 2024

John H. Daniel's Faculty of Architecture, Landscape and Design

Advocacy Director

Sep 2022 – May 2024

Non-Profit Organization - UofT FAM Alliance

- Proactive in creating and leading inclusive events regarding "current situations" that affect the mental wellness of UofT students and the community
- Provide students at UofT with all resources pertaining to mental wellness
- Collaborate with other clubs that support the mental wellness of UofT students and the community

Advocacy Associate

Sep 2021 - Apr 2022

Non-Profit Organization - UofT FAM Alliance

- Provide an inclusive and supportive community for all students at the University of Toronto
- Organize virtual student-wide academic-related sessions, friendship and team-building activities to accommodate safety conditions regarding the pandemic
- Focus on mental wellness by providing a non-judgmental space for students to express themselves positively

Programming Team, Night it Up! Power Unit Youth Organization

2019 - Present
